

# All Purpose Turf Fertilizer

**Sanctuary 15-0-3 + Iron** is a quality turf product for all grass types. This product combines traditional and organic ingredients to delivers excellent residual color, turf density, and recovery. This product contains calcium for calcium deficient soil types, an aid to salt management and to promote microbial life.

## GENERAL DIRECTIONS FOR USE:

**General Maintenance:** Sanctuary 15-0-3 can be applied at 4 to 6 bags/A and will deliver 10 to 16 weeks of outstanding residual color and growth. This product promotes soil health benefits that enhance overall turf quality during all types of weather conditions and all turf types.

**Turf Recovery:** The product can be applied to weak or declining turf to promote recovery at the rate of 4 bags/A. If under severe stress, some type of mechanical renovation will enhance the product performance. For extreme turf issues, the rate can be safely increased to 6 bags/A.

## DIRECTIONS FOR LAWN CARE

**Spring Program:** Sanctuary applied in the spring provides outstanding residual color and slow even growth. The product can be applied at the rate of 3.5 lbs/M.

**Summer Program:** Sanctuary applied in the spring provides outstanding residual color and slow even growth. The product can be applied at the rate of 3 lbs/M.

**Fall Program:** Sanctuary applied in the spring provides outstanding residual color and slow even growth. The product can be applied at the rate of 5 lbs/M.

## Guaranteed Analysis

**Total Nitrogen (N)** .....15.0%  
 0.5% Ammoniacal Nitrogen  
 13.0% Water Soluble Nitrogen  
 1.5% Water Insoluble Nitrogen\*

**Soluble Potash (K<sub>2</sub>O)** .....3.0%

**Iron (Fe)** .....1.0%  
 1.0% Water Soluble Iron

**Derived from Feather Meal, Brewer Grains, Methylene Urea, Urea, Ammonium Sulfate, Potassium Sulfate and Ferrous Sulfate.**

**\*1.5% slowly available Nitrogen from feather meal, brewer grains & methylene urea.**

## Spreader Settings

N Rate	Lbs./1000 sq ft	Lely	Vicon
1.00	6.7	6	47
0.50	3.3	4	42

Spreader settings are an initial guideline for calibrating the spreader.

## Total Digestible Nutrient Value (TDN)

**15-0-3 TDN Value = 52-55**

TDN Value is the digestible energy derived from the natural ingredients in this product. This energy is released by the native soil microbes which increases their soil activity. This TDN energy value is exclusive to natural ingredients used in this product. The higher the TDN value, the more energy that is in the product. This released energy is the unique agronomic benefits derived from using natural fertilizer products. For example, all traditional fertilizers have a 0 TDN value and 100% manure products have around a 20 TDN value.

## Warranty

The Sanctuary, Inc. warrants that this product conforms to the analysis on its label. When used in accordance with label directions, under normal conditions, this product is reasonably fit for its intended purposes. Since timing, method of application, weather, plant, and soil conditions, mixture with other chemicals, and other factors affecting the use of this product are beyond our control, no warranty is given concerning the use of this product contrary to label directions or under conditions which are abnormal or not reasonably foreseeable. The user assumes all risks of any such use.
