

# ROOT

*Powered by The Sanctuary*

Sanctuary Root is a spray adjuvant that is derived from plant extracts and composted tea. This product builds microbial life that is critical to soil health.

## BENEFITS

- **Stimulates and Builds Natural Soil Microbes**
- **Enhances Rooting and Stress Tolerance**
- **Improves Overall Plant Growth**

## DIRECTIONS FOR USE

Sanctuary Root is applied at 1.5 oz/M to 3 oz/M. This is a soil drench that is applied in 0.5 gal/M or 1.0 gal/M of water at time of plant installation. Plus, this can be applied on a 14 Day interval for the first 2 months after planting. For maintenance this product can be applied at 1 gal/acre in 20 gallons of water in spring, fall and during periods of stress.

## WARRANTY AND LIMITATIONS

The Sanctuary, Inc. warrants that this material conforms to the description on the label and is reasonably fit for these applications, when this material is used in strict accordance with the mixing instructions and directions for use under normal conditions.
