THE SANCTUARY DIFFERENCE - WE WORK WITH NATURE!

SANCTUARY FLORIDA & CARIBBEAN PRODUCTS & PROGRAMS

The Sanctuary offers products in Florida and the Caribbean that build soil microbial life while mining locked up nutrients. This approach helps to enhance your nutrient management program while managing cost. The Sanctuary products can be used for turf and ornamental application in any type of weather. This natural approach offers a safe and effective program that translates into enhanced plant and turf quality. The Sanctuary has products for golf, lawn care, sports turf and landscape management. Listed is more product or program information. For more detailed recommendation, please visit our website at www.SanctuaryProducts.com.

GOLF & SPORTS TURF

PRODUCTS

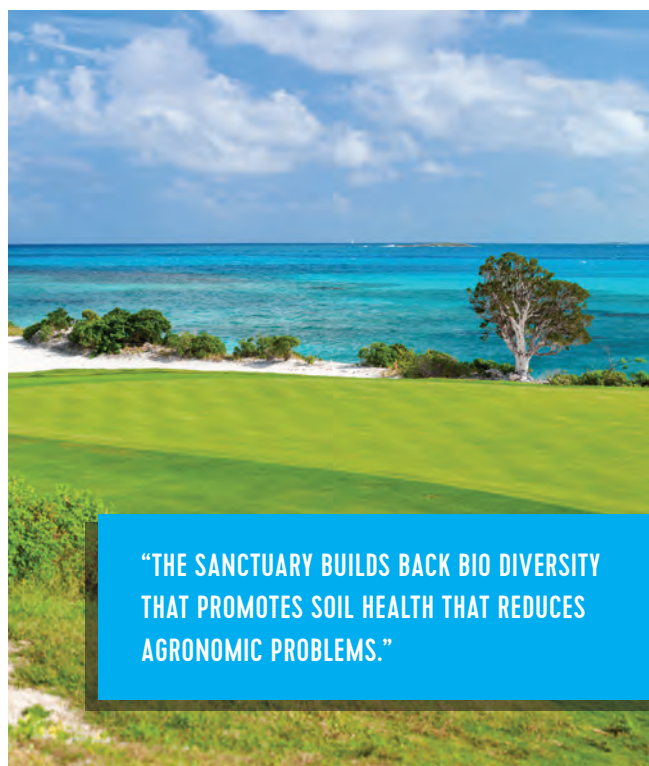

SANCTUARY 12-0-12 GREENS GRADE

Sanctuary 12-0-12 Greens Grade is a 40 SGN granulation that waters into short mowed turf. This premium hybrid natural product combines traditional and organic fertilizer ingredients that deliver excellent residual color, turf density, rooting and hot weather stress & wear tolerance.

Program Recommendation: 3 bags/month

BENEFITS

- +** *Provides a Balance Ratio of Nitrogen and Potassium for Wear & Stress Tolerance*
- +** *Builds and Stimulates the Natural Soil Microbes that mine tied up nutrients*
- +** *Delivers Outstanding Residual Color, Density and Rooting*

"THE SANCTUARY BUILDS BACK BIO DIVERSITY THAT PROMOTES SOIL HEALTH THAT REDUCES AGRONOMIC PROBLEMS."

SANCTUARY 16-0-4 FAIRWAY & LAWN CARE GRADE

Sanctuary delivers excellent residual color and growth for all turf types including golf, lawn care and sports turf. This product is ideal in areas where phosphorus is restricted. The application rate is 4 bags per acre for 8 to 16 weeks of residual growth and color. For improved stress and disease management, the rate is 2 bags per acre per month during hot weather.

BENEFITS

- +** *Delivers 8 to 16 Weeks of Residual Color, Growth and Wear Tolerance*
- +** *Promotes Recovery and Rooting After Mechanical Renovation*
- +** *Contains Nutritional Food to Build Soil Microbial Life and Turf Quality*

THE SANCTUARY DIFFERENCE - WE WORK WITH NATURE!

LANDSCAPE & LAWN CARE PRODUCTS

SANCTUARY 3-3-4 + PROBIOTICS

Sanctuary 3-3-4 + Probiotics is an all-natural based biological fertilizer for a wide range of landscape installation and maintenance applications. This product provides a slow, non-burning nutrient release that aids with root regeneration and plant establishment at time of installation. Plus, this product is an excellent maintenance product for annual & perennial flowers, ground covers and ornamental trees & shrubs in foundation and color beds. Lastly, this product contains a broad group of beneficial soil to enhance microbes biological soil activity to aid with the release of tied up soil nutrients.

Program Recommendation: 3 bags/month

BENEFITS

- +** *Promotes Rooting, Wear and Stress Tolerance*
- +** *Reduces Transplant Shock at time of Plant Installation*
- +** *Contains 100% All Natural Ingredient with a Wide Range of Beneficial Microbes*

SANCTUARY 5-5-5 + PROBIOTICS TABLETS

Sanctuary 5-5-5 + Probiotics is a natural biological fertilizer 5 gram tablet for a wide range of landscape installation and maintenance applications. This product provides a slow, non-burning nutrient release that aids with plant establishment at time of installation. Plus, this product is an excellent maintenance product for annual & perennial flowers, ground covers, flowering trees & shrubs, fruit trees and tropical plants and palms. This product contains a broad group of beneficial soil microbes plus mycorrhizae to enhance nutrient and water absorption.

Program Recommendation: See Label for Recommendations

BENEFITS

- +** *Enhances Water & Nutrient Uptake*
- +** *Promotes Plant Growth, Root Regeneration and Recovery*
- +** *Delivers 3 to 4 Months of Residual Nutrient & Nutritional Release*

SANCTUARY 8-8-8 STANDARD GRADE

Sanctuary 8-8-8 Standard Grade is an excellent all-season, multi-purpose turf and ornamental starter product. This balanced NPK nutrient blend provides excellent residual release in all types of weather. This product is rich in carbohydrates and humic acid. This organic based product has a low salt index for all types of turf and ornamental applications.

Program Recommendation: 6 bags/A after aeration; 9 bags/A at installation

BENEFITS

- +** *Provides an Outstanding Natural Starter to Build Root Zone Health*
- +** *Delivers Outstanding Results for Seed and Sod Installation*
- +** *Promotes Turf Recovery After Mechanical Aeration*

BIO LIQUID NUTRIENT PRODUCTS

SANCTUARY SOIL MD

Sanctuary Soil MD stimulates microbial life in tired soils. These microbes provide the bio stimulant help to enhance nutrient efficiencies, reduce water usage and promote an environment for root growth. This product delivers a wide range of soil health benefits to reduce agronomic issues.

Program Recommendation: Apply 1 to 4 Quarts/A/Month with Pesticides

BENEFITS

- + *Stimulates Natural Soil Microbes*
- + *Enhances Nutrient & Water Infiltration*
- + *Enhances Pesticide Performance*

“THE SANCTUARY BUILDS BACK BIO DIVERSITY THAT PROMOTES SOIL HEALTH THAT REDUCES AGRONOMIC PROBLEMS.”

SANCTUARY ROOT

Sanctuary Root is a unique blend of ingredients that delivers both nutrients and energy. This energy helps to translocate the nutrient within the turf to enhance heat, wear and stress tolerance. This product safely promotes turf recovery under the most severe of weather conditions.

Program Recommendation: Apply 1 to 4 Quarts/A/Month

BENEFITS

- + *Reduces Recovery Time After Mechanical Renovation & Aeration*
- + *Enhances Root Development & Regeneration in All Weather Conditions*
- + *Promotes Turf Resilience & Stress Tolerance in Hot Weather*

SANCTUARY SHOOT

Sanctuary Shoot contains kelp, yucca, amino acids, carbohydrates and calcium for turf recovery in any type of weather conditions. This product is ideal for summer stress recovery in the heat. This product promotes turf recovery, rooting, enhanced disease management and wears tolerance. This product can be used in conjunction with other nutrient & pesticide products.

Program Recommendation: Apply 1 to 4 Quarts/A/Month

BENEFITS

- + *Enhances Soil Microbial Environment and Populations*
- + *Improves Hot Weather Wear & Stress Recovery*
- + *Improves Turf Color and Growth in All Weather Conditions*

SANCTUARY IRON ME

Sanctuary Iron ME is a non staining bio iron that delivers excellent color and energy for stress tolerance. This product has foliar absorption and soil microbial release characteristics that enhances turf uptake. Plus, these polysaccharide bonds protect the release of the micronutrients into the soil system.

BENEFITS

- + *Delivers 30 day of Residual Color and Growth*
- + *Provides Energy to the Turf for Key Internal Plant Processes like Photosynthesis*
- + *Affect in All Soil Types and pH Levels at 16 oz/A/Month*
