Working With Nature

SANCTUARY IRON ME

SANCTUARY IRON ME contains iron that is an essential micronutrient for turfgrass growth. This product encapsulates the iron into an energy rich carbohydrate known as a polysaccharide. This product has foliar absorption and soil microbial release characteristics that enhances turf uptake. Plus, these polysaccharide bonds protect the release of the micronutrients into the soil system.

GUARANTEED ANALYSIS

Iron (Fe)..... 5.0%
5.0% Available Iron

Derived from Iron Polysaccharide.

DIRECTIONS FOR USE

GREEN & TEE APPLICATION RATE

Apply 8 oz per acre per week sprayed in 50 gallons of water per acre.

FAIRWAY APPLICATION RATE

Apply 16-32 oz per acre at a 21 to 28 day interval sprayed in 50 gallons of water per acre.

GROWTH REGULATOR RATE

Mix 16 oz per acre with your Growth Regulator product and seasonal nitrogen product. This tank combination will provide reduced discoloration.

IRRIGATION INJECTION RATE

Apply 8 oz per acre per week injected to the irrigation water.

LAWN CARE

Apply 16-32 oz per acre to actively growing turf during the season on an 8 to 12 week interval.

MIXING DIRECTIONS

Fill tank half full of water and add Sanctuary Iron ME into the tank and add remaining water. Apply to turf with adequate water to get good coverage. This is a food grade Iron that is foliar absorbed.

COMPATIBILITY

Sanctuary Liquid Iron ME is compatible with most fungicides, insecticides, and herbicides. Check compatibility by testing the product mix with a "jar compatibility" test before tank mixing.

SEASONAL NITROGEN

This product contains NO nitrogen in the product. It was designed to provide the flexibility of nitrogen selection based on seasonal requirements. This approach provides the agronomic flexibility of nitrogen type and rate.

SUGGESTED SPRAY TIP

Flat Fan Size - 8008 OR 8010

WARRANTY

The Sanctuary, Inc. warrants that this product conforms to the analysis on its label. When used in accordance with label directions, under normal conditions, this product is reasonably fit for its intended purposes. Since timing, method of application, weather, plant, and soil conditions, mixture with other chemicals, and other factors affecting the use of this product are beyond our control, no warranty is given concerning the use of this product contrary to label directions or under conditions which are abnormal or not reasonably foreseeable. The user assumes all risks of any such use.
