

FLOWERSHOW

Powered by The Sanctuary

Sanctuary Flower Show is a 4-Step Color Bed Management Program that promotes outstanding results from planting to bloom. In a single case, Sanctuary Flower Show offers 4 unique bio-stimulant products that deliver the plants requirements for a whole growing season. Each product brings a different dimension to plant health, growth and bloom quality. These products are used to enhance the overall performance of seasonal color beds. This 4-step program delivers a spectacular flower display. This program is ideal for commercial and residential sites.
